Its 687m² of space will comfortably host up to 12-14 guests in a refined setting. Built with respect to traditional alpine architecture, the interior of the chalet is nevertheless contemporary. Natural materials, modern furnishings and a light color palette reflect the surrounding nature and snowy landscapes. Spread over 5 levels, the chalet offers 8 en-suite bedrooms, including a master suite on the top floor with a panoramic view of the pine tree tops. A true haven of peace, this room has a private balcony, a comfortable sitting area with fireplace, a dressing room and a private bathroom. One floor is entirely dedicated to the day rooms and hosts a living room, a dining room, a bar and an open kitchen. The presence of a chef, a butler and a housekeeper guarantees perfect organization and serenity throughout your stay. Among the features of this luxury chalet is a leisure area with an infinity pool, Jacuzzi, hammam and massage room. The second level of the chalet also houses an outdoor Nordic bath for absolute relaxation in front of the landscape. Children will appreciate the chalet's game room, with ping-pong, table soccer and pinball, as well as the cinema room.
